## CAPABILITY STATEMENT

### CORRPAK GROUP

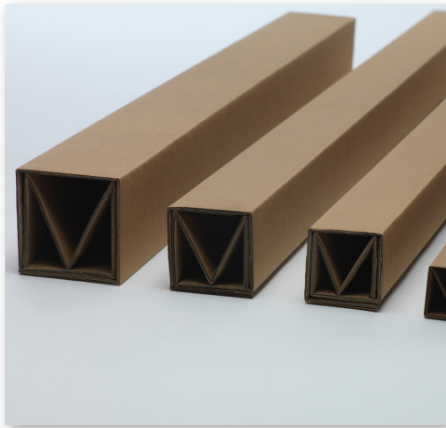

10845 CHICAGO DR  
ZEELAND, MI 49464  
**616.535.0002**  
[www.corrpakgroup.com](http://www.corrpakgroup.com)

## CAPABILITY STATEMENT

At CorrPak, we create custom, paper-based, packaging solutions for our customers. Our primary focus is using our patented paper packaging components to reduce the use of foam and wood in crates, packs, and pallets. Our primary product offerings include cases for work surfaces and glass shipment bracing and crating, foam in place, and paper pallets.

CorrPak's experienced team delivers green packaging solutions that work. Our product lines and industry knowledge have helped us develop relationships with companies in the furniture, automotive, and many other industries.

## CAPABILITIES

- CORRUGATED PAPER CASES FOR WORK SURFACES, GLASS, & HIGH VALUE COMPONENT SHIPMENT
- CUSTOM PAPER CRATING
- PAPER PALLETS
- FOAM IN PLACE
- PAPER BRACING & STICK ON PALLET RUNNERS
- ALL DESIGN & ENGINEERING ARE DONE IN HOUSE

## RESULTS

### ENHANCED SUSTAINABILITY

By partnering with CorrPak, you can reduce environmental impact through the use of sustainable paper-based packaging solutions.

### OPTIMAL PRODUCT PROTECTION

CorrPak's custom packaging solutions prioritize product safety during transit. With innovative designs and materials, you can have peace of mind knowing your items are protected.

### CUSTOMIZED SOLUTIONS

CorrPak understands that everyone has unique packaging requirements. We use a customized approach, working closely with clients to tailor solutions to their needs.

## SOLUTIONS

### Delivering Tailored, Sustainable Packaging for a Greener Future

#### PATENT PAPER PACKAGING

#### VERSATILE PRODUCT RANGE

#### INDUSTRY EXPERTISE & RELATIONSHIPS

Our core objective is to revolutionize packaging practices by leveraging our patented paper packaging components, minimizing the reliance on foam and wood materials in crates, packs, and pallets. With an unwavering commitment to sustainability, we offer a range of innovative products to help you achieve your green packaging goals.

We specialize in manufacturing cases for work surfaces and glass shipment bracing and crating, ensuring the utmost protection for your valuable items. Additionally, our foam-in-place packaging guarantees unparalleled cushioning, conforming precisely to the shape of products for optimal security during transit. Moreover, our paper pallets provide a lightweight, eco-friendly alternative to traditional wooden pallets, resulting in cost savings and enhanced sustainability.
